Joint and Unopposed Motion and
Order For Dismissal of Portions of
Claims Three and Four
No. 2:14-cv-0196-RSM

1 referenced portions of Plaintiff's Third and Fourth claims for relief should be dismissed with
 2 prejudice. The undersigned counsel for EPA has been authorized by the respective counsel for
 3 each of the intervenors in this case—Defendant-Intervenors State of Washington Department of
 4 Ecology, Washington Cattlemen's Association, Northwest Pulp and Paper Association,
 5 Washington Forest Protection Association, and American Forest Resource Council—to state that
 6 each such party does not oppose the relief requested by this motion, and thus this joint motion is
 7 unopposed.

8 Accordingly, Plaintiff and EPA jointly request that the Court dismiss with prejudice the
 9 portions of Claim Three of Plaintiff's First Amended Complaint (ECF No. 54) that correspond to
 10 Paragraphs 97(b), (c), (d) and (e) of that Complaint; the portions of Claim Four that correspond
 11 to Paragraph 104(a) of that Complaint related to WAC 173-201A-200(1)(c)(i) and WAC 173-
 12 201A-210(1)(c)(i); and the portions of Claim Four that correspond to Paragraphs 104(b), (c), (d)
 13 and (e) of that Complaint. Because the other claims in this case have been previously
 14 resolved, *see* Dkt. Nos. 51, 96, with the dismissal of the claims requested above, this case can be
 15 terminated.
